

Somerset Philanthropy Network

By joining Somerset Philanthropy Network, you'll join an influential and engaged group of donors who are passionate about supporting Somerset.

You'll have opportunities to deepen your understanding of local needs and be inspired and uplifted by people and projects that change lives every day.

You'll benefit from:

- expert guidance on your personal giving and support to find local causes that match your interests
- invitations to inspiring events where you'll hear from local charity leaders and beneficiaries
- an annual social dinner where you can network with fellow members

Your generous gift will enable the Foundation to continue supporting hundreds of small, local charities every year through funding, advocacy and convening. Ultimately, your support will help us keep our communities strong and build a brighter future for Somerset.

"In addition to its vital grant making role, I feel it is crucial for SCF to shine a light on issues affecting disadvantaged people in Somerset. The *Hidden Somerset* events I have attended as a Philanthropy Network Member are a very powerful example of how the Foundation can make an impact on these seemingly intractable issues. As a Network member, I hope I can help the Foundation to grow its profile, influence and long-term funding for our communities."
