

# OUR THEORY OF CHANGE

Our Theory of Change is a practical guide for our work. It shapes how we design and deliver our programmes, ensuring that our efforts are directed towards building stronger communities.

It also provides a framework for reflection and learning by helping us to evaluate our progress, understand where we have the greatest impact, and identify where we need to improve. By returning to this roadmap, we can stay focused on our mission while remaining flexible and responsive to the changing needs of Somerset's communities.
